

ERROR CODES (WQP12-9235C)

Codes	Meanings	Possible Causes
ERROR 001	Longer inlet time.	Faucets is not opened.
ERROR 002	Longer draining time.	The installation position of the drain pipe is too high.
ERROR 003	Longer heating time, but not reaching required temperature.	Malfunction of temperature sensor or of heating element.
ERROR 004	Overfilled.	Too much inlet water.
ERROR 006	Failure of temperature sensor.	Short circuit or break of temperature sensor .
ERROR 007	Failure of temperature sensor.	Open circuit or break of temperature sensor.
