

VUE B

VUE C

This exploded view diagram illustrates the assembly of the VUE C device. The components are numbered 1 through 54. The central unit (1) is a rectangular box with a front panel (41) and a base (42). A large handle (43) is attached to the front. A control panel (6) is mounted on top, featuring a dial (7) and a switch (8). A power cord (5) is connected to the back. A cable (16) runs from the bottom. A control knob (21) is mounted on the side. A handle (23) is attached to the bottom. A cable (24) is connected to the bottom. A cable (25) is connected to the bottom. A cable (26) is connected to the bottom. A cable (27) is connected to the bottom. A cable (28) is connected to the bottom. A cable (29) is connected to the bottom. A cable (30) is connected to the bottom. A cable (31) is connected to the bottom. A cable (32) is connected to the bottom. A cable (33) is connected to the bottom. A cable (34) is connected to the bottom. A cable (35) is connected to the bottom. A cable (36) is connected to the bottom. A cable (37) is connected to the bottom. A cable (38) is connected to the bottom. A cable (39) is connected to the bottom. A cable (40) is connected to the bottom. A cable (41) is connected to the bottom. A cable (42) is connected to the bottom. A cable (43) is connected to the bottom. A cable (44) is connected to the bottom. A cable (45) is connected to the bottom. A cable (46) is connected to the bottom. A cable (47) is connected to the bottom. A cable (48) is connected to the bottom. A cable (49) is connected to the bottom. A cable (50) is connected to the bottom. A cable (51) is connected to the bottom. A cable (52) is connected to the bottom. A cable (53) is connected to the bottom. A cable (54) is connected to the bottom.
